* Source: National Center for Charitable Statistics, 2016. In general, NCCS data represent FY 2014 or 2015 revenue (and sometimes FY 2013 revenue) for organizations required to file IRS Form 990 or 990-EZ. This includes all organizations with revenue of more than \$50,000 or assets of at least \$200,000. Organizations that do not meet this threshold may also choose to complete a 990 or 990-EZ at their discretion and, therefore, some smaller organizations are included in the totals. See <http://nccsweb.urban.org/PubApps/search.php>. Revenue includes all gifts, grants and contributions, earned revenue and investment income.

*** Source: Foundation Center, 2016. Figures based on all grants of \$10,000 or more awarded to organizations by 1,000 of the largest U.S. foundations, which account for approximately half of giving by all of the nation’s foundations each year. Sources of data include foundation electronic grants files provided directly to the Center, websites, annual reports and other foundation publications, and IRS Form 990-PFs. Data are based on authorized grant amounts (reflecting the full value of multi-year grant commitments in the year they were made) when available. Otherwise, grant payment amounts are used. Foundation Center staff assign coding to the grants for purpose/activity, recipient organization type, type of support provided, population group(s) served, and geographic focus. Data is aggregated over 4 year period to diminish aberrations caused by significant gifts in a given year.
